## EXPERIENCE

**Whatcom Museum, Bellingham, WA** — Customer Services  
Coordinator, museum store manager and buyer

November 2010 - 2015

While managing and buying for the museum store I doubled the store's profits by research and knowledge of demographics and appealing to specific target markets. I traveled to trade shows across the nation and worked with over 100 vendors in the form of wholesale, consignment agreements, and establishing rights to art pieces for reproduction. I am also in charge of customer service; I believe making customers happy is a key factor in the success of a business. I also took on visitor service responsibilities, which included compiled reports of where customers are visiting from, their opinions from our comments books, and graphing high visitor times in comparison to featured exhibits. I also coordinated the history cruise, one of the museum's largest annual events.
